

**A special thank you to  
Ride for Wishes**

**For adopting the wish of Coy, age 16**

**“I wish to have my car restored!”**

Coy is a huge fan of everything to do with electronics and cars. Coy's favorite class in school welding, and his favorite video games involve car racing. Coy decided that his heartfelt wish was to have his 1985 Monte Carlo Chevrolet car restored! This teenager from North Branch is battling lymphocytic leukemia but he tries to live as normal a life as possible in between treatments. He can't wait to have his car fixed so that he can drive around while listening to his favorite country singer, Johnny Cash!
