“I wish to have an ATV!”

Anthony, 17 years old

After his initial interview with his Wish Granters, Anthony wrote an amazing letter of thanks just for being considered for a wish! He had lots of ideas at the interview including a Best Buy shopping Spree (his favorite store), an ATV, and meeting Metallica his favorite rock band. He finally settled on an ATV and preparations for the purchase and presentation of his vehicle are now underway. In his spare time Anthony likes to play guitar and listen to heavy metal music. This grateful young man from St Paul also likes to play videogames, watch TV and watch movies. He especially likes the TV show *South Park*. Some of his favorites are math class at school, his favorite food is macaroni & cheese, and carrot cake. His favorite restaurant is Noodles. He follows the Vikings football team, and he has a very unusual pet....a snail called Gary!!
